

Absolute Beginners Guide to Tablet PCs

Whether you use your Tablet PC for work or play, this easy to follow guide gets you going quickly! Using real world scenarios that apply to teachers, students, business professionals, medical professionals, and more, Absolute Beginners Guide to Tablet PCs shows you how to put Tablet PCs to use in real life. The book shows you the basics for getting your Tablet PCs up and running, then kicks it into high gear and shows you how to put your newfound palmtop power to use! You will also learn how to use Microsoft's new OneNote application to take, store, sort, and share notes with other users.
