

American Outlaw: Price of Pride

Dink, dink, dink came the audible chime of the aluminum baseball bat as I was bringing it down breaking one of Randys bones with every ringing swing! American Outlaw: Price of Pride ~ is a galvanizing adventure of non-stop pulse-pounding action that will take you on a roller-coaster ride through worlds that most people only see on the big screen. From prison escapes, to prison gangs, outlaw bikers, to life on the run from the law, this book has it all. Peer through the eyes of Jimmy Maxwell as he takes you behind the violent prison walls and to the top of one of Oklahomas most notorious and feared gangs. Be with him when he finally walks out of those cold institutional gates into the free world for the first time in 16 years! And stand with Jimmy or against him as the federal marshals go all out... to get him locked back behind them. American Outlaw is the first book in a non fictional, series on the life of the modern day outlaw Jimmy Maxwell. This autobiographical volume is uniquely framed around Jimmys MSNBC Lockup appearance, which not only brings the reader into the high-octane, adrenaline charged, and often thought provoking life of Jimmy Maxwell, but also how it feels to reveal his successes and failures on camera.

This book contains violence, adult content and language which would not be appropriate for children.
