

Arctic Son: Fulfilling the Dream

The chronicle of a family's first year alone in Alaskan wilderness, *Arctic Son* is a poetic journey of discovery into what we value in life. In 1992 Jean Aspen and her husband, Tom, left Arizona and took their young son to live in Alaska's interior wilderness, building a cabin out of logs, hunting for food, and letting the vast, harsh beauty of the Arctic close in around them. While Jean had faced Alaska's wilderness before in a life-altering experience she described in *Arctic Daughter*. This journey would be different. Dogged by sickness and hardships, cut off from the rest of the world, her family faced not only a test of endurance, but of its own well-being and survival. From a daily struggle against the elements to an encounter with a grizzly bear at arms length, from moments of breathtaking beauty and self-realization to a harrowing, six-hundred-mile river passage back to civilization, *Arctic Son* chronicles fourteen remarkable months in the Alaskan wilderness. At once a portrait of courage and a heart-pounding adventure story, *Arctic Son* portrays a family's extraordinary journey into America's last frontier.
