

Access 2010: Basic, First Look Edition, Instructors Edition

Our goal is to make you, the instructor, as successful as possible. To that end, our manuals facilitate students learning by providing structured interaction with the software itself. While we provide text to help you explain difficult concepts, the hands-on activities are the focus of our courses. Leading the students through these activities will teach the skills and concepts effectively.

Axzo Press: Books This course covers the basic functions and features of Access 2007. . This course builds on the skills and concepts taught in Excel 2010: Basic, First Look Edition. ..
