

South Southeast Postcards

Fifty postcards illustrated with magical and powerful images from Steve McCurry's South Southeast. In his book South Southeast Steve McCurry presented a portfolio the cream of his work - magical and powerful images from South and Southeast Asia. South Southeast Postcards translates 50 of these images into postcard format. Mirroring the classic design of the book, the cards have a small white border. They are contained in a beautiful and distinctive box which uses a magnetic strip to secure the lid. On the inside of the lid there is a short quotation from Steve McCurry, describing his love of colour and light. This item will be published simultaneously with South Southeast Greetings Cards.
