

Utah as It Is: With a Comprehensive Statement of Utah as It Was, Showing the Founding, Growth and Present Status of the Commonwealth (Classic Reprint)

Excerpt from Utah as It Is: With a Comprehensive Statement of Utah as It Was, Showing the Founding, Growth and Present Status of the Commonwealth

A Great deal has been said and written on the subject to which the subjoined chapters relate, showing that it is an interesting one; and all is not yet said by any means. Each succeeding day adds something to a story already full of wonders which are none the less wonderful because familiar and none the less entertaining because told before. In this volume, however, will be found much, even in the domain of history, that has not previously made its way into print, not necessarily through the neglect of the historian but rather for the reason above suggested - that no one man or any limited number of them, and no publication, could possibly tell it all. But it is not so much with history per se as with current events, not so much with established facts of the past as with the developments of the present and the possibilities of the future as relates to our beloved State, that these pages have to do. About the Publisher

Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com

This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
