

Blogging and RSS: A Librarians Guide, Second Edition

In this fully updated second edition of his popular 2006 book, Michael P. Sauers shows how blogging and RSS technology can be easily and successfully used by libraries and librarians. In addition to providing easy-to-follow instructions for creating, publishing, and syndicating a blog using free web-based services, software, RSS feeds, and aggregators, Sauers covers new tools and services, introduces numerous useful library blogs and bloggers, and includes a new chapter on microblogging with Twitter.
