

## International Initiatives Affecting Financial Havens

The second edition of *International Initiatives Affecting Financial Havens* highlights recent developments in the sphere of money laundering. This work brings together an analysis of the recent reports that have been published by various international bodies regarding offshore centres: The Edwards Report; KPMG Report; UK White Paper; G7 Financial Action Task Force; G7 Financial Stability Forum; United Nations initiatives and OECD Harmful Tax Competition. The two key themes in this work are: regulatory versus tax initiatives; and is foreign tax evasion a money laundering offence? Written by an experienced international practitioner and a member of the Editorial Board of the *Offshore Service*, this work is completely unique in giving an extensive overview of the entire subject. Practising lawyers, tax firms, trusts, wealth planners, regulators and all businesses that transact through the jurisdictions will find this publication to be an invaluable point of reference.
