

Blackjack: Buried Secrets

Blackjack, aka Arron Day, is an African-American soldier of fortune in the tumultuous 1930s. He travels the globe battling powerful enemies, the ghosts of his past, and the bigotry of his time. In NIGHT OF FEAR, Arron is dropped into the northern regions of Scotland to protect a wealthy laird and his family from a curse that promises they will be destroyed by werewolves. Two have already died, their bodies torn to shreds, and as Arron falls deeper into the legend and the land, he wonders can a dark angel hold his ground against the hounds of hell?
