

Canadian Police Heroes

Superlative bravery, humble heroism, selfless dedication: these are just some of the qualities that informed the actions of the people featured in this collection of Canadian police officers. These heroes did not hesitate to put themselves in the line of fire - from high-speed car chases down busy city streets to perilous rescues in flame-engulfed houses to protect from harm the members of their communities. For this, they are rarely thanked. This book highlights in appreciation their achievements.
