

The Eleventh Commandment-Volume 11: Evidences on The Conspiracy of Supreme Court of Western Australia-color version

Volume 11 provides qualified & irrevocable evidences of the fraud by conspiracy by Supreme Court of Western Australia. The Supreme Court of Western Australia engaged in a series of fraudulent orders and fraudulent proceedings in a conspiracy to conceal the organized land valuation fraud by Valuer General with the silent blessings of the Australian government. This is called The Australian Fraud. This is dealt with in other volumes particularly volumes 3 & 4 in The Main. The Australian Fraud is sponsored by the Australian banks with a devious strategy; {We know nothing about land values; we just lend money}. The land valuation fraud of Australia (or The Australian Fraud) is sustained by the illicit funds derived from The Auschina Fraud. The Auschina Fraud is a game of fake war; called iron ore pricing war. All sides of the war have only one objective: escalate the iron ore price; the fulcrum of the world economy. The false pricing of iron ore is a colluded manipulation by Australia and China with Citibank and Australian banks playing significant roles. This is dealt with in other volumes particularly volumes 1 & 2 in The Main. The book series deals with The Eleventh Commandment; Deceive them all lest they knoweth. The information in the book series supports the authors contention that Global Financial Crisis was triggered in 2008 by the iron ore pricing fraud since 2004 by Australia and China; in the case of Australia, directly against its statutes of trade practices & consumer protection. In order to sustain the fraud and conceal the confessions of the fraud, Supreme Court of Western Australia used plain highway fraud, then The Single Judge Fraud; then the Westpac Banking can conceal money laundering fraud; then the weapon of The Australian Fraud called security for costs. It illustrates the extent of fraud a Court in Country would stretch to conceal the fraud of a country; The Australian Fraud. This
