

Oracle BAM 11gR1 Handbook

Oracle BAM 11gR1 Handbook is a practical best practices tutorial focused entirely on Oracle Business Activity Monitoring. An intermediate-to-advanced guide, step-by-step instructions and an accompanying demo project will help SOA report developers through application development and producing dashboards and reports. If you are a developer/report developer or SOA Architect who wants to learn valuable Oracle BAM best practices for monitoring your operations in real time, then Oracle BAM 11gR1 Handbook is for you. Administrators will also find the book useful. You should already be comfortable with SOA architecture and SQL practices.
