

Family, Friends & Other Bleeders

Colourful and often amusing characters that influenced and were in turn influenced by the haemophilic author are revealed in this book exposing a life as other lives but with the addition of the challenge of chronic illness. History, both family and that more general, completes the autobiographical trilogy the previous two books *What Are Yer? Bleeder!* and *The Rest of Me Bleeding Life* began. If you're looking to read of sober normality among family, friends and the other haemophiliacs mentioned you will be disappointed as most mentioned here were real people at the same time wonderful and often deviant.
