

Darwin

This biography of Charles Darwin attempts to capture the private unknown life of the real man - the gambling and gluttony at Cambridge, his gruelling trip round the globe, his intimate family life, worries about persecution and thoughts about God. Central to all of this, his pioneering efforts on the theory of evolution now that recent studies have overturned the commonplace views of Darwin that have held for more than a century.

Charles Darwin in 1871 PERHAPS no one has influenced our knowledge of life on Earth as much as the English naturalist Charles Darwin (1809-1882). **Tourism Top End - Darwin & Surrounds Northern Territory** Darwin most often refers to: Charles Darwin (1809-1882), English naturalist and writer, best known as the originator of the theory of biological evolution by **Guide To Darwin, Northern Territory - Tourism Australia - Visit Australia** Charles Darwin was the originator of the biological theory of evolution.
