

Datatype-Generic Programming: International Spring School, SSDGP 2006, Nottingham, UK, April 24-27, 2006, Revised Lectures (Lecture Notes in Computer Science)

This tutorial book presents six carefully revised lectures given at the Spring School on Datatype-Generic Programming, SSDGP 2006. This was held in Nottingham, UK, in April 2006. It was colocated with the Symposium on Trends in Functional Programming (TFP 2006), and the Conference of the Types Project (TYPES 2006). All the lectures have been subjected to thorough internal review by the editors and contributors, supported by independent external reviews.
