

Dr. Sam Sverdliks Uncommon Stories: Humor and hope from patients and doctors

This 60+ page book of conversations between Sam Sverdlik, MD, a medical doctor ahead of his time, and Lenora Ucko, PhD, anthropologist, folklorist, and storyteller, is filled with unique incidents from Dr. Sverdliks medical career, told in his own words. Read about the stroke victim who could hardly walk but wanted to jump. Or the nun who finally agreed to seek psychiatric care after months of arguing about it with Dr. Sverdlik, Or the frail older patient who refused physical therapy until Dr.Sverdlik made her laugh. Readers will also find tales of intrigue, rivalries, and serendipitous interventions. (Grant book review on Blog page.) A rehabilitation pioneer, Dr. Sverdlik developed ground breaking approaches to patient care. He was Director of Rehabilitation Medicine at St.Vincents Hospital in New York City for 40 years (1949-1989). This is the first time many of his rare medical insights appear in print.
