

A Game Ranger Remembers

Bruce Bryden's true stories about the life of a bushveld conservationist draws on 27 years in the service of the Kruger National Park. It makes for a gripping read, abounding with encounters with elephant, lion, buffalo, leopard and rhino, whether darting for research, managing culling operations by helicopter or stalking on foot. In the best tradition of bushveld stories, there is a great deal of shooting, and a fair amount of running away; there are meetings with extraordinary characters among the rangers; memorable gatherings; hilarious mishaps and narrow escapes; and throughout, a great love and respect for both the wilderness and the creatures that inhabit it. Bruce Bryden started his career in the Kruger National Park in 1971 as a graduate assistant biologist. He progressed through the ranks as ranger, district ranger, park warden and regional ranger, eventually becoming chief ranger in 1983.
