

## The Electric Sewer

Trebor Nehoc has worked all over the New York City subway. And not just as a cop, but also as a sergeant and lieutenant. He has been assigned to everything from late night solo train patrol to an academy instructor and finally as an anti-crime supervisor. As they say here in New York, he has been around the block, twice. Trebor has taken his years on the job and transcribed them into some very funny, very touching stories. With great wit, sharp details and some brisk writing, his War Stories describe what life was like down there in the Electric Sewer.
