

Finding Your Funny: Exploring the Art, Science and Business of Stand Up Comedy

Finding Your Funny is the new book by award-winning comedian, comedy coach and filmmaker Don Barnhart that explores the Art, Science and Business of Stand Up Comedy. With a humorous and heartfelt forward by Comedy Legend George Wallace, Finding Your Funny goes beyond Barnharts own journey and shares the brutal, often overlooked experience and advice of other comedians, entertainers, managers, agents and bookers. The book includes a no holds barred assessment about what clubs, venues and agents are really looking for as well as many of the things you need to do and avoid if youre looking into making comedy a career. With over 25 yeas of road experience as a comedian, comedy coach and booker, Don Barnharts book offers great for the open mic comic, professional comedian and comedy fan. It includes personal tragedies, anecdotes and stories one can only get from living a life on the road. Barnhart, who founded The Las Vegas Comedy Institute where he teaches stand up, improv and comedy writing was inspired to write the book after the success of the documentary on his stand up comedy class, Finding The Funny directed by John Bizarre. The book, Finding Your Funny began as an outline for my comedy class, said Barnhart in a recent phone interview where was performing overseas for the troops with his Battle Comics World Tour. Some of the topics covered in Finding Your Funny are: Can You Teach Funny?, The High Cost of Fame, Getting Booked, Hurdles and Pitfalls, The Truth About Managers, Agents and Other Oddities, The Joke Police and When To Throw In The Towel. Barnhart added, I tried to answer all the questions I wish I had when I was first starting out. I wanted to give a variety of opinions as there is no one, hard set rule but there are some guidelines to success.
