

Generic Programming: International Seminar on Generic Programming Dagstuhl Castle, Germany, April 27 - May 1, 1998, Selected Papers (Lecture Notes in Computer Science)

This book constitutes the thoroughly refereed post-proceedings of the International Seminar on Generic Programming held in Dagstuhl Castle, Germany in April/May 1998. The 20 revised full papers were carefully reviewed for inclusion in the book. As the first book entirely devoted to the new paradigm of generic programming, this collection offers topical sections on foundations and methodology comparisons, programming methodology, language design, and applications.
