

CONCUR 2013 -- Concurrency Theory: 24th International Conference, CONCUR 2013, Buenos Aires, Argentina, August 27-30, 2013, Proceedings (Lecture Notes in Computer Science)

This book constitutes the thoroughly refereed proceedings of the 24th International Conference on Concurrency Theory, CONCUR 2013, held in Buenos Aires, Argentina, August 27-30, 2013. The 34 revised full papers presented together with 4 invited talks were carefully reviewed and selected from 115 submissions. The papers are organized in topics such as process semantics and modal transition systems, VAS and pushdown systems, Pi calculus and interaction nets, linearizability and verification of concurrent programs, verification of infinite models, model measure and reversibility, stochastic models, message-based interaction processes, principles of automatic verification, and games and control synthesis.

Publications of Jerome Leroux with Jerome Leroux - LaBRI online at Springer. Choose from a large range of academic titles in the Computer Science category.
