

I Hear a Seed Growing

A real treasure; powerful and gripping... On several levels Gateley combines intellect and spirit with Activism... She perhaps can achieve things others merely discuss.--The Bloomsbury Review This is a journal of two spirits: one of a woman desperately seeking new life; the other of a woman alive with the zeal of the gospel. The reader relives the Christian struggle to find meaning in the midst of acute pain and society's oppressive force.--Donald Senior One of the most moving books I have ever read. I want to compare it with the writings of Julian of Norwich. Edwina and Julian both work with a mixture of spiritual power, fun, gentleness, earthiness, grieving and faith.--Rosemary Haughton A different kind of love story, written with integrity, genuine courage and compassion... I cried as I closed this book.--Mary Luke Tobin
