

In Pursuit: from the streets of San Francisco to Watergate

In Pursuit is a gripping tale of a defining moment in American history—the Watergate scandal—told for the first time by the FBI agent who was coincidentally on weekend duty when the burglary occurred. Former FBI Special Agent John Mindermann collaborates with best-selling author Brian Solon to deliver an action-packed, ride-along narrative, dramatically unfolding with vivid imagery, high-speed chases, and simmering political intrigue revealing new details and insights—including a previously undisclosed FBI shutdown of the White House. Mindermann's formative years growing up in San Francisco's Mission District and working as a police officer in the 1960s instilled a determination to fight against injustice and get to the heart of the matter when the fate of the day hinges on thinking fast and acting faster.
