

# Ink-Stained Amazons and Cinematic Warriors: Superwomen in Modern Mythology

In this comprehensive history, inquiry, critique, and reference guide, Stuller argues that Superwomen, from Wonder Woman to Charlies Angels, are more than just love interests or sidekicks who stand by their supermen. She shows how the female hero in modern mythology has broken through the traditional boys club barrier to reveal the pivotal role of high-heeled crimefighters in popular culture. Chapter topics include love and compassion, spies and sexuality, daddys girls, and the complicated roles of superwomen who are also mothers. The book also includes a glossary of modern mythic women, as well as a foreword by acclaimed cultural commentator Roz Kaveney, author of Superheroes! Capes and Crusaders in Comics and Films.<http://www.ink-stainedamazon.com/>
