 ?????????????,?????,?????Wege In Die
 Psychologie, by Gerd Mietzel from
 Germany, is a book about psychology
 common sense popular in Europe more
 than 30 years and reprinted 23 times. The
 author describes expressions that readers
 are familiar with and chooses professional
 term in extremely careful way; it adopts
 daily examples and launches self
 experience in a strong attempt to describe
 and explain psychological process that
 every reader will observe upon themselves
 and friends or acquaintances. The book
 also covers basic knowledge---tell the
 reader what problems current psychology
 has answered and what has escaped. Since
 German and Austria are the home of
 psychology, it is of great enlightening
 significance to Chinese academic circles.
 The core of the book is to teach us how to
 use psychology to solve the problems of
 daily life. The book is rich and colorful
 physically that it covers illustrations, lists,
 examples and extended information along a
 single main line.
