

## The Red Gas Can

This is the tragic story of the Harold family who were brutally murdered in the early morning of January 20, 1974, and of the trial of the accused, David Russell Williams. This is also the story of young and idealistic Callie Myers who loved and supported David throughout the trial. This is a nonfiction novel taken from the actual trial documents and interviews with the persons directly involved. The author was the trial judge and this was his first murder trial. Follow the criminal proceedings, read the trial evidence as it unfolds, assume you were on the jury, and decide the guilt or innocence of David Russel Williams. Will you agree with the jury decision? Be prepared for many surprises along the way.
