

## Getting Started with Lotus 1-2-3A (Release 2.2) for the IBM PC (A Wiley PC Companion)

Provides step-by-step instructions on how to create and edit spreadsheets using Lotus 1-2-3. The lessons are arranged in order of difficulty so that basic information is presented first, followed by advanced material. The first two lessons provide enough spreadsheet commands to satisfy 70 to 75 percent of the readers needs and the first seven provide 95 percent of spreadsheet command needs. The balance of the book covers the three advanced topics of macro commands, databases, and formatting the spreadsheet ALWAYS. Exercises are at the end of each lesson and comes with a student data disc.
