

MCSE Windows 2000 Network Exam Cram (Exam: 70-216)

Provides all of the curriculum objectives of the Implementing and Administering a Windows 2000 Network Infrastructure exam (70-216), and serves as a perfect complement to the MCSE Windows 2000 Network Exam Prep. Each book includes proven test-taking strategies, warnings on trick questions, timesaving study tips and shortcuts. Contains sample questions and practice tests much like the format of the actual exams. Cram Fitness Assessments give readers a way to determine how to proceed with certification by analyzing their educational and experiential background and their subject knowledge level in order to make suggestions about preparation and study.
