

## A Day at the Zoo Journal

Zoos offer great experience and the chance to see animals from around the world practically in your own backyard. If you're a fan of traveling to zoos and seeing the sights, sounds (and even smells!) of the zoos you visit, you'll want to remember everything you did. A zoo travel journal will enrich your trip at the time and will preserve your memories of the experience. This journal allows you to record all those memories. You'll be able to record: \* Details about your zoo visit \* The name and location of the zoo \* Weather conditions on the day of your visit \* Your impressions of the zoos and the unique animals and features found at that zoo\* The animals you saw and marveled at This journal is perfect for those who love zoos and animals. It will also make a great gift for friends and families who are always on that next big zoo adventure!
