

In & Out of Portland With Children, 4th edition

Revised, updated and expanded, this local classic has become the definitive resource for families exploring the southern half of Maine. It offers over 350 well-researched ideas for outings from Kittery to Camden as well as longer excursions. Adventures for all four seasons are included. Locals as well as tourists will be delighted by this indispensable guide written by a Maine mother. The author has included a table of contents as well as an index by attraction and an index by location. So if readers find themselves in say, Boothbay Harbor or Ogunquit, they can flip to the back and find out what to do in that town. Very clever. There is good reason this little gem is still going strong into its fourth edition.
