

Talking With Serial Killers 2: The Worlds Most Evil Killers Tell Their Stories

Christopher Berry-Dee is the man who talks to serial killers. He has penetrated their minds and gained their trust to produce one stomach-churningly compulsive selection of tales already, and his unique collection of audiotape and videotape interviews has been collated into another disturbing book. Not only does he describe the circumstances of his meeting with some of the worlds most evil men, he also reproduces, verbatim, their very words as they describe their crimes. This book is a fascinating glimpse into the worlds worst of the worst and will be required reading for anyone interested in the inner workings of the sickest minds, as well as for fans of Berry-Dees work.
