

ECDL/ICDL 3.0 Made Simple: Office 2000 edition (Made Simple Computer Series)

The ECDL and ICDL are internationally recognized standards of competence certifying that anyone having passed the qualification has gained the essential computer skills needed to be able to use the most common applications effectively. This book guides the reader through the modules, presenting the information in an easy-to-follow, step-by-step manner. Points in the text are highlighted by tips and notes and examples are included to consolidate learning. A CD Rom accompanies the text containing sample course material from BCD Ltd and questions to test understanding and ensure progress is being made.

One of the few books available to cover the ECDL/ICDL qualification covers all the modules of ECDL/ICDL version 3.0 ECDL Foundation approved material
