

The Washingtonienne

When Jacqueline Turners fiance gives her two days to move out of his apartment, Jacqueline has no choice but to leave New York City and crash with her best friend in Washington, D.C. (She cant be expected to keep herself in cute clothes while paying New York City rent, after all.) She needs an exciting new life, not to mention real employment. Where better to get a fresh start than the nations capital?Alas, D.C. turns out to be a lot more buttoned-up and toned down than shed hoped. Its a town where a girl has to make her own excitement, and Jacqueline Turner is just the woman for the job.From the married presidential appointee who gives her cash after each tryst, to the lascivious Georgetown lawyer who parades her around like something out of Pretty Woman, Jackies roster of paramours grows so complicated that her friends ask her to start a blog so they can keep up. But in a small town like Washington, the line between private and public blurs very easily. Just as one of her beaux takes a lead in the race for her heart, Jackie realizes this blog idea may be more than she bargained for....
