

Walk on the Childs Side

This is a delightful, whimsical book of poems by Penelope Dyan in hardcover case laminate edition, that lets the adult reader peak into childhood, and the younger reader wiggle and giggle with glee. Written by a former educator turned attorney, who was always a writer and a child at heart, Penelope Dyan pulls on your heartstrings and tickles your funny bone like no other writer out there. Dyan holds a degree in English from San Diego State University and a juris doctorate degree from Thomas Jefferson School of Law in San Diego, California; but that does not stop this mother of three and grandmother of four from pursuing her dreams, and luckily for Bellissima Publishing, LLC, her dreams include her writing as well as her love of children! This book combines the poetry of Penelope Dyans earlier publications of For Boys Only! No Girls Allowed! and A Book For Girls All About Girls into one great book, and adds additional poems to the delightful mix. Walk on the Childs Side is also available in soft cover and hardcover with dust jacket.. If you are ready to laugh, or if you just want to encourage your children to read poetry, then this is the book for you
