

The Divine New Order and the Dawn of the First Stage of Light and Life

To anyone with eyes to see and ears to hear, it is obvious that life as we know it is reaching critical mass-environmentally, socially, politically, and spiritually. For thousands of years there have been prophecies of a planetary shift of great magnitude, moving us into a higher and brighter new world. This is the autobiography of one of the worlds most significant spiritual leaders, with visions of the future of our planets destiny-of the evolution of benevolent celestial and human leadership into a truly Divine Administration. The Divine New Order And The Dawn Of The First Stage Of Light And Life is the story of Gabriel of Urantia and the EcoVillage and spiritual community he co-founded in 1989 with Niann Emerson Chase and the beginnings of the worldwide Spiritualution SM movement they created together over the last 24 years. Originally written in 1989, this 2013 Third Edition chronicles the flowering and fruition of Global Community Communications Alliance (also known as Divine Administration), including the relocation and growth of the First Planetary Sacred Home-a theological world center, cultural crossroads, and planetary spiritual headquarters. Many of the prophecies that were written in the Bible and other sacred texts have come to pass or are happening now. Some of this book is prophecy-with scenarios that have already come true and some with outcomes yet to be revealed. That outcome is partially in your hands. Discover the Creators plan to establish a Divine New Order for our world and how you can help to bring about the dawn of the first stage of light and life-to overcome the existing death and darkness of our world in peril by bringing genuine hope, real love, and true justice to every corner of the planet.
