

The Oliphant Book: A Cartoon History of Our Times

No editorial cartoonist in America wields a sharper pen than Pat Oliphant. Congressional members, Senate candidates, and presidents from past and present bear the black of his ink. When We Cant See the Forest for the Bushes, boasting the latest cartoons from the last presidential election, shows the cranky when he wants to be, fiercely independent, relentlessly independent Oliphant at the top of his game. Whether he has the present administration or the merging air carriers in his sights, its clear why readers in more than 300 newspapers worldwide cannot get enough of Oliphant.

The New World Order In Drawing And Sculpture, 1983-1993: Pat Aug 4, 2016 - 17 sec
