

# Flying With Babies: The Ultimate Guide for Stress Free Flying With Babies From New Born To 24 Months: The Ultimate Guide for Stress Free Flying With Babies From New Born To 24 Months

IS YOUR BABY A FREQUENT FLYING SUCCESS? It may be that trip abroad you always dreamed of, or an invitation to visit your long distance family for the holidays.

And sometimes you just have to get from one place to another. Flying is something we all do. But flying with babies? Who ever though that could work right? Well, actually it can be a lot easier than you thought. Even rewarding! The solution is looking at things creatively, preparing yourself and being open minded to different tactics you could implement to make your next flight a success. In Flying with babies thats exactly what you get.

This book is jam packed with straightforward, practical and fluff free tips that will turn you and your baby to frequent flyers of the month, in a flash! In Flying with babies you will learn all the essentials from: Preparing in advance properly What to pack What to do before the flight Tips for a stress free lift off and landing Dealing with difficult situations effectively How to keep them calm and relaxed so you are too How to fly without your partner And much more If you are dreaming of your next trip and want to make it a success, this book is a must have.

Being a parent is life changing, but it doesnt mean you have to give up the joy of travelling. Your dream trip is one step away with Flying with Babies So go ahead and buy the book today and discover a new sense of freedom you never imagined possible! About the Author: Before being an author, Lauren Franklin is a devoted mother of two daughters. As a single mother and a frequent flyer, she knows how difficult it can sometimes be to fly with one, let alone two toddlers. In this book Lauren captures the essence of true preparation and problem solving, giving parents step-by-step instructions, checklists and much more, for true stress free flying with babies. Partnered with Freidmans Guides, this book is one of many books in

a series of publications that will help parents take control and find peace in the midst of potential disastrous circumstances.
