

Love and Terror in the Middle East, 4th Edition

LOVE AND TERROR in the MIDDLE EAST dramatically captures the authors efforts to promote understanding and cooperation in the region between Jews, Muslims and Christians. It details Romanos arduous journeys between Israel and the West Bank, discussing issues and organizing activities among religious and national groups. Traveling between these areas has been risky: he has been harassed/arrested by the Palestinian police, harassed/arrested by Israeli soldiers and attacked by Israeli settlers. A peace activist friend was recently murdered in the West Bank. This Fourth Edition includes a new chapter, Chapter 82: In the Midst of a Riot. It recounts a recent harrowing experience in Jenin, West Bank, when he was trapped in the midst of rioting Palestinians following the killing of a Palestinian youth by Israeli soldiers.
