

May I quote that?

We all have something to say or you know what some people always say. That favorite saying we always have close at hand or prediction of what a friend or family member will say. This little book contains some of my favorite quotes; some from famous people; my own family members and some I myself have written.

May I quote that?: : Pamela A. Wright-Fischer May I quote that nasty woman from back in the 1700s? Let them eat cake! (But my take on the statement has got a nicer connotation than that **The Fourteenth Point - Google Books Result** We all have something to say or you know what some people always say.
