Al Franken and Bill O'Reilly are two of the most intelligent and politically wise men on the planet earth, or at least they think so.

Each man has become the personified voice of Liberals and Conservatives.

Franken and O'Reilly make a fortune by blaming Liberals and Conservatives for everything that happens in America. Are Liberals and Conservatives destroying America? Or are Franken and O'Reilly laughing all the way to the bank? How much do you know about these Liberal and Conservative groups? Did you know that they control a secretive billion dollar industry? Did you know that these groups are considered public charities by the Internal Revenue Service, yet are enormously wealthy and politically influential? Did you know that these groups employ thousands of lawyers, researchers and talking heads who are financed by the most wealthy and powerful people in America? Why are these groups presented as experts on CNN, MSNBC and FOX, yet most viewers don't have a clue about who they are? Will Al Franken and Bill O'Reilly Please Shut Up is for the well-informed American who wishes to learn about the origin, financing and agenda of these politically active groups. My goal was to write an entertaining and informative book that reviews the 100 most powerful Liberal and Conservative groups in America. The book is written from a nonpartisan point of view and gives you a clear and concise picture of each group and how it profits fighting the never ending Culture Wars. The book is an excellent career guide for students and aspiring political gurus. Most of the groups featured in this book offer internships, fellowships, scholarships, volunteer and full-time job opportunities.
